Target population	Australians who are eligible to vote
Sample size	1549
Australian Polling Council compliant	Yes
URL of Long Methodology statement	https://au.yougov.com/results/apc
Is voting intention published?	Yes

Long Methodology Statement	
Effective sample size after weighting applied	965
Margin of error associated with effective sample size	±3.16
Variables used in weighting	Age x gender x location, Age x education, AEC region x household income
Weighting method used	Rim weighting
Full question text, responses categories and randomisation	See below
Proportion of landline/mobile completed interviews	N/A
Source of online sample	Selected from previously recruited online panels of research participants to fill quotas loosely based on weighting frame and past vote
Positioning of voting intention questions in questionnaire?	Immediately after demographics
How were undecided voters handled?	Undecided respondents who answered “don’t know” were asked a leaner question which also included a “don’t know” option. Those who answered don’t know were excluded from published voting intention figures but not from the survey. 6% were thus excluded from published voting intention figures.
2PP calculation method	Calculated according to preference flows at previous federal and state elections
